

REMARKS

I. The Telephone Interview

In the telephone interview with the Examiner on February 9, 2005, the Examiner agreed that all pending claims have overcome the cited references. During the interview, the Examiner also suggested an amendment to claims 1 and 29 to clarify that the URL is directly sent from the handheld device to the local communication link. Applicant has accepted the Examiner's suggestion and made the changes accordingly. Applicant thanks the Examiner and submits that the application is now in condition for allowance.

II. The Examiner's Official Notices in the Previous Office Action

In response to the previous office action, Applicant did not challenge the Examiner's Official Notices because they were moot in view of the arguments made regarding the independent claims. Therefore, Applicant does not concede to have admitted to the validity of those Official Notices.

Respectfully submitted,
